# ARMY JUSTICE

## IS SECONDARY.

Officers Contend Discipline is First Consideration.

Fairness General Court Rule, Says Maj.-Gen. Glenn.

Declares American Soldiers Best Governed Overseas.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 17.—The system of military jurisdiction is designed to produce an efficient, dependable fighting army, not to do exact justice to individual soldiers, according to the views vigorously presented today to the committee of the American Bar Association by army officers of field experience, including Maj.-Gen. Edwin F. Glenn, organizer and commander of the Eighty-third Division, and now again in command of Camp Sherman. In attaining that objective, the officers contended, the present machinery for enforcing discipline is probably the best that can be devised. It is a product of the system closely approximating justice to the individual in addition to producing what Gen. Glenn described as the best disciplined army in France.

Judge Gregory, chairman of the committee, and Gen. Glenn engaged in a considerable argument which brought out that the officer, speaking both from his military experience and his special training in civil law as a graduate of the law school of the University of Minnesota, saw little in common between the purpose of civil justice and its military equivalent.

SACRIFICE JUSTICE.

Maj. Charles H. MacDonald, Gen. Glenn's divisional judge-advocate at Camp Sherman, but before he was a counsel for the Federal Trade Commission, followed his chief and expressed the same view.

"You are not looking for exact justice," Maj. MacDonald declared, "when you are building an army of the size that the United States was building. Suppose men did get sentences of twenty years or forty years. The dishonorable discharges were suspended and they went to the disciplinary barracks, probably to be restored to service if they were worthy of restoration. It was the least we could do."

"When exact justice interferes with the building up of the army, exact justice must be sacrificed," he said.

"You must judge any system by its results," said Gen. Glenn, "and the present system is producing the desired result. The fundamental purpose of civil justice and military justice are entirely different."

LAID ARMY.

"As a rule courts-martial have been fair and just. There are exceptions, of course, but they merely serve to prove the rule. I am a great deal of pride that I took across to France the best disciplined body of men I have ever seen. The American army, so far as discipline is concerned, is probably the best in the world. It is a product of the system closely approximating justice to the individual in addition to producing what Gen. Glenn described as the best disciplined army in France."

Asked for his opinion as to the disciplinary systems in European armies, Gen. Glenn said he hoped the committee would not be led astray in considering foreign practices. The fact had shown in actual practice, he said, that American soldiers could be trained in discipline better under an American system. When French and British instructors were withdrawn during the war training, he added, the command went forward in training by leaps and bounds, proving that they were better and learned best under their own officers.

Gen. Glenn opposed the suggestion that men trained in civil law be required as judges advocates, saying he would rather trust to an officer of the right type without legal training than to a lawyer who lacked full appreciation of military requirements and personal experience in handling men.

Enlightened justice for trial of enlisted men's cases, he thought, "dangerous experiments" apt to lead to Bolshevism.

"If you want an efficient army, one on which you can depend," the general said, "you can not take that course."

SAYS DELAY TO MAIL IN ARMY INEXCUSABLE.

CONGRESSMAN MADDEN FINDS MANY FLAWS IN SYSTEM IN USE IN FRANCE.

(BY SPEARMAN LEWIS.)

PARIS, April 16.—Why the American doughboy suffered cruel delays in the distribution of his mail and why he continues to be used in constantly rebuilding the roads of France will be two as yet unanswered questions which Congressman Martin B. Madden of Illinois proposes to discuss in the United States when he returns from France in May.

Congressman Madden, accompanied by Congressman William B. McKinley and Richard Yates of Illinois and John H. Harrison, publisher and member of the Illinois State council of defense, reached Paris yesterday. Since last Thursday when they landed at Brest, they have been on the go night and day and already have traveled a large section of western and central France.

"Two subjects especially interested me," Congressman Madden said today. "Inexcusable delays in mail distribution in the A.E.F. and inexcusable road construction by enlisted men and their officers."

"My long association as member of the Congressional Postal Committee had prepared me for many revelations but I confess I was staggered when I saw the regulations under which the mail of the A.E.F. is handled."

"For example: When the majority of a unit moves or goes on mail for the remaining minority never reached them, because the unbroken bags are forwarded to the new location. Under these conditions, where so many units have been broken up or detached, the minority never gets its mail."

"Again, where a majority of the unit remains in France and the minority moves the bags are held and no effort is made to forward the minority's mail. I do not consider the explanation made at Bourges that men can get their mail by writing to the bureau of records."

## MISSIONS HELD AIDS TO ENEMY.

Board Explains Charge of the State Department.

Workers in Bulgaria Accused of Propaganda Work.

Church Directors Investigating Published Reports.

(BY A. P. MONT WIRE.)

WASHINGTON, April 17.—In explanation of information given out yesterday regarding charges of misconduct on the part of American missionaries in Bulgaria and Persia, State Department officials said today that evidence most recently brought to the attention of the American board of commissioners for foreign missions at Boston related specifically to the cases of two missionaries who returned to the United States before hostilities ended and engaged in pro-Bulgarian propaganda.

Some time ago, it was stated, general charges of misconduct against nearly all of the twenty-five or thirty missionaries stationed in Bulgaria were forwarded to the Boston committee. It has been assumed that the committee took steps to stop objectionable activities at that time.

The missionaries in Persia whose attitude has been brought to the attention of the department are said to be under the control of the Presbyterian board of foreign missions at New York. They are located in the northwestern part of the country and are alleged to have persistently interfered with local affairs, stirring up strife between Persians and Assyrians.

In regard to the two alleged propagandists for Bulgaria, officials stated that Dr. James L. Barton of the American board, acting as the chairman of the Committee for Relief in the Near East, and now at Constantinople, took cognizance of the activities of the missionaries at the time and ordered them to cease or resign. One of the missionaries did stop propaganda work, it was said, and the other since had left the service of the board.

BOSTON, April 17.—The American board of commissioners for foreign missions is investigating the conduct of one of its missionaries who is reported to have engaged in pro-Bulgarian activities. The matter was brought to the attention of the office of the board here by the State Department. It is made known that definite and decisive action will be taken as soon as the case is clear.

The accused missionary is said by the board not to be now in Bulgaria. In a statement today Dr. William E. Strong, secretary of the educational department of the American board, declares the report from Washington yesterday misleading and in most of its charges untrue. This report was that the board had been advised by the State Department of formal charges of propaganda interference by missionaries both in Bulgaria and Persia. A specific charge was that the missionaries had used funds designed to aid war sufferers to further the cause of Bulgaria and indirectly the cause of Germany and Austria-Hungary.

Dr. Strong pointed out that the American board had no mission-aries in Persia and he added that no charges of pro-German activities by the American missionaries had been forwarded to the board by the State Department.

## RICKENBACHER'S OLD SQUADRON RETURNING

FOUR FAMOUS ACE UNITS ARE LEAVING COBLENZ AND ON THEIR WAY HOME.

By Parke Brown.

(BY CABLE-EXCLUSIVE DISPATCH.) COBLENZ, April 17.—Four of American's most famous ace squadrons are getting ready to go home. They left Coblenz by train this morning for Colombey Les Belles under orders providing for demobilization there.

One of the four ace squadrons formerly was captained by Eddie Rickenbacher of the Ninety-fourth Pursuit Squadron, now commanded by Capt. Reed M. Chambers. It included in its personnel Lieut. J. Loy Maloney, Chicago newspaper man, who recently married an English girl. His chief anxiety in leaving was his plan for taking his bride with him to America.

Other units that left were the Twelfth Observation Squadron, commanded by Capt. D. H. Arthur, and the Ninety-first Observation Squadron, Capt. Victor Strohm, both of which have been stationed at Coblenz aerodrome, Fort Alexander, ever since the army of occupation took possession of this part of Germany, and the One Hundred and Sixty-sixth Observation Squadron under Lieut. W. H. Leinger, which has been at Treves.

Photo sections two, four and six of the first balloon company also moved to Colombey Les Belles for demobilization.

A new squadron is coming to take the place of those that left.

## CITY COMMISSIONER ACQUITTED BY JURY.

(BY A. P. MONT WIRE.)

SACRAMENTO, April 17.—Thomas Coulter, City Commissioner of Sacramento, was found not guilty by a jury in the Superior Court here today of a charge of felony embezzlement.

It was charged Coulter had diverted to his own use two boilers, a quantity of brick and other property belonging to the city. The defense contended that the property belonged to a contractor and not to the city and had been given to Coulter by the owner.

At a former trial of Coulter the jury failed to agree.

## UNION CHALLENGES RIGHT OF GARFIELD.

(BY A. P. MONT WIRE.)

PITTSBURG (Kan.) April 17.—Alexander Howat, president of the Kansas district, United Mine Workers of America, challenges the right of Dr. H. A. Garfield, Federal Fuel Administrator, "to direct the affairs of our organization in this district" in a message sent to Garfield today. The message was in reply to one received from Garfield yesterday directing Howat to put the striking Central Coal and Coke Company miners back at work and appear before the War Labor Board to submit their complaint.

## MEXICAN REBEL GENERAL SLAIN.

Blanquet Killed in Battle Near Vera Cruz, Report.

Victim was Former Minister of War for Huerta.

Recently Left United States to Lead Uprising.

[BY A. P. DAY WIRE.]

**MEXICO CITY, April 17.**—Gen. Aureliano Blanquet, War Minister in President Huerta's Cabinet, who recently landed in the Vera Cruz region for the purpose of starting a revolution against the Carranza government, was killed yesterday in a fight near Chavaztla village, according to press reports from Vera Cruz, which quote a report from Gen. Francisco L. Uruiz, chief of military operations in the region of Chavaztla.

According to telegrams given out by Gen. Uruiz, the commander in the region of Chavaztla, Gen. Guadalupe Sanchez met a party of rebels under Blanquet late yesterday afternoon, defeating them. The dead body of Gen. Blanquet was found later. Gen. Sanchez telegraphed that he was bringing Gen. Blanquet's head to Vera Cruz to establish the identification.

Gen. Francisco Alvarez was taken prisoner together with the family of Pedro Gavay, one of the most active lieutenants of Felix Diaz.

Vera Cruz papers have recently been printing numerous stories regarding Gen. Blanquet's proposed revolt. These stories have been published in the United States, but Gen. Blanquet's claim that he had 40,000 men, with artillery and an airplane, and that he was allied with other factions, has been scouted officially. The band which was killed was leading when he was killed, and was poorly equipped, it is reported.

While only a youth, Gen. Blanquet was a member of the firing squad that put to death Emperor Maximilian at Queretaro. Rising in the government service, he became Minister of War under President Huerta, being the man who personally arrested President Francisco Madero when Huerta seized the reins of government. It was charged that he was involved in the later assassination of Madero.

When Huerta fled from Mexico, Gen. Blanquet accompanied him. Recent reports received here stated that he was operating a motion picture theater in Brooklyn, N. Y.

**DISREDIT REPORT.**  
[BY A. P. DAY WIRE.]  
**NEW YORK, April 17.**—Press reports that Gen. Aureliano Blanquet had been killed in a fight near Chavaztla were discredited today by Roberto Gayon, the former Mexican War Minister's representative here. He said that he had received last night a cable message from Gen. Blanquet stating that he had arrived yesterday at Huasteca, Vera Cruz, a mountain village twenty-five miles from the place where he is reported to have been killed.

**MEXICAN POLITICAL.**  
**POT BEGINS TO BOIL.**  
[BY A. P. DAY WIRE.]  
**WASHINGTON, April 17.**—Advices from Mexico City indicate there is a lively scramble already under way for the Mexican Presidential campaign of 1920.

Although Carranza, himself ineligible for succession to the Presidency, has appealed to the people and candidates to abstain from political activity until a reasonable time has elapsed, the political pot of at least six Presidential aspirants are said to be boiling.

There are no political parties in Mexico such as exist in the United States. It was pointed out today that the Mexicans believe in the personal following of individual candidates. The person named only a change in leadership. The government policies are the policies of the victorious candidate.

In the coming contest Mexicans are considering the possibilities of a revolution—always menacing at election time in Mexico. Public opinion is divided into two camps, military and civil. Military candidates are more popular in Mexico and three men stand out above the others among the candidates in this class—Gen. Obregon, Gen. Gonzalez and Gen. Alvarado.

Gen. Obregon's friends are very active now throughout Mexico and he is the only candidate in Mexico who openly approved President Wilson's talk with the party of Mexican editors who visited this country last year.

Gen. Alvarado is openly opposed to all that is foreign in Mexico, including the United States.

Federico Cervantes, Rafael Turbide, Fernando Lloaga, Manuel Irujo, Jesus Chacon and Magdalena Flores, convicted last night by a jury in the United States District Court of setting on foot a military expedition to Mexico, announced today they would file applications for new trials.

Pending these motions, the court deferred judgment.

**RETURN MINING PROPERTIES.**  
[BY A. P. DAY WIRE.]  
**EL PASO, April 17.**—Four hundred mining properties in the State of Chihuahua, Mex., which were confiscated during the revolutions, will be returned to the owners at once, it was announced here today. Exceptions were made in the cases of Gen. Luis Terrazas, Gen. Huerta's estate and that of Gen. Pascual Orozco. These properties will not be returned with a certain majority of the mining properties were confiscated by the Constitutional government.

He declares such would be a "foolish undertaking," adding: "I think it more dignified for the peace delegates of a nation to endeavor to convince the Entente of the justice of all we are striving for, than by petty intrigues to fill the political atmosphere again with explosive material. **ARIZONA NEWS.**  
[EXCLUSIVE DISPATCH.]  
**PHOENIX, April 17.**—The State Supreme Court today reversed a Greenlee county decision granting extra salary to county Superior Judge Franklin B. Lane, under an act passed March 14, 1917. Justices Ross and Baker agreed that there could be no change in the salaries of elected officials during the current term of office. Chief Justice Cunningham dissented. The case not only affects increased salaries for nearly two years up to the last of 1918, but appears to cover the claim of former Gov. George W. P. Jones to about \$2700 excess salary. Hunt has had judgment in the local Superior Court and the case is now on appeal in the Supreme Court. Jones has made no claim. Nine months of the claim by Hunt were for a period in which the executive chair was filled by Thomas E. Campbell, till the latter was ousted by a Supreme Court decision, after he had won in the same lower court that lately awarded Hunt the excess salary. It appears that a part of the excess salary of the judges already had been paid by the counties. The state half of the salaries had been held up, awaiting final decision of the Greenlee decision, appealed from by the County Supervisors.

In the Federal Court today Frank Edwards of Los Angeles was found guilty of conspiracy for dealing in and shipping an opium derivative to John B. Althos of this city, after a trial that had consumed about three days and that had brought a number of witnesses here from the Coast. The jury took less than half an hour to return a verdict.

Gov. Campbell has received from Gov. Stephens of California a telegram that it had been deemed inadvisable to press before the California Legislature the bill suggested for a \$20,000 appropriation for a bridge at Parker, to cost \$20,000. Gov. Stephens suggested securing permission to plank the Santa Fe bridge at Parker.

[EXCLUSIVE DISPATCH.]  
**PHOENIX, April 17.**—The State Supreme Court today reversed a Greenlee county decision granting extra salary to county Superior Judge Franklin B. Lane, under an act passed March 14, 1917. Justices Ross and Baker agreed that there could be no change in the salaries of elected officials during the current term of office. Chief Justice Cunningham dissented. The case not only affects increased salaries for nearly two years up to the last of 1918, but appears to cover the claim of former Gov. George W. P. Jones to about \$2700 excess salary. Hunt has had judgment in the local Superior Court and the case is now on appeal in the Supreme Court. Jones has made no claim. Nine months of the claim by Hunt were for a period in which the executive chair was filled by Thomas E. Campbell, till the latter was ousted by a Supreme Court decision, after he had won in the same lower court that lately awarded Hunt the excess salary. It appears that a part of the excess salary of the judges already had been paid by the counties. The state half of the salaries had been held up, awaiting final decision of the Greenlee decision, appealed from by the County Supervisors.

In the Federal Court today Frank Edwards of Los Angeles was found guilty of conspiracy for dealing in and shipping an opium derivative to John B. Althos of this city, after a trial that had consumed about three days and that had brought a number of witnesses here from the Coast. The jury took less than half an hour to return a verdict.

## BEGIN DRIVE ON MUNICH.

**Bavarian Troops Organized for Attack to Oust Communists from Capital.**

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN (Wednesday) April 17.—Large forces of Bavarian troops, with artillery and mine-throwers, began an advance on Munich yesterday morning, according to the Tagesspiegel, but it is unknown whether a decisive battle has as yet been fought.

The communist government in Munich is reported to have opened negotiations with Italy by which valuable munitions belonging to Munich would be pledged for a loan of 1,000,000 marks with which to buy food.

COLOGNE (Wednesday) April 18.—In consequence of the arrest of the German strikers at the Cologne district, Lieut.-Gen. Sir Herbert Plumer, in command of British forces on the Rhine, issued a proclamation today ordering the immediate return of the men to work and threatening the strongest measures against per-

sons promoting or countenancing strikes in the British zone of occupation. The general offered military mediation if other means of settlement failed.

A squadron of British airplanes flew over the affected district today.

Twenty-three American freight cars loaded with bacon, flour, evaporated milk and rice have arrived at Coblenz for the Germans. Distribution through German channels will begin immediately.

BERNE (Switzerland) April 17.—(Havas.) The Swiss Federal Council, it is reported, has decided to recognize the new German government on the ground that it was elected legally by the National Assembly which was chosen by the vote of the people.

The report has caused a sensation in political circles here.

## BOLSHEVIK GAINS WIDEN.

**Soviets Claim Successes Along the Entire Front from Baltic to Black Sea.**

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, April 17.—Continued successes for Russian soviet forces along almost the whole of the Western Russian front from the Baltic to the Black Sea are claimed in a Russian official wireless dispatch received here today.

West of Riga the Letts have been driven southward to within four miles of Mitau.

West of Proskurov, the bolsheviks have taken Volochysk, on the former Russian Galician frontier, and within twenty-five miles of Tarnopol.

In the Crimea soviet forces have crossed the salt lakes and advanced in the direction of Simferopol, the capital of the Crimea.

The statement adds: "We have compelled the enemy to withdraw across the frontier in the region of Lake Sander, north of Olonets. On the whole of the Courland front the offensive continues to meet with success, especially in the region of Shilotsk, where the enemy's right has been cleared as far as four miles from Mitau."

1800 MURDERED.

Eighteen hundred persons, including 400 women, were murdered by the bolsheviks at Ufa, according to a telegram from Omsk.

ARCHANGEL (Wednesday) April 16.—A small American scouting party operating in front of the Al- tied positions along the railway front yesterday surprised and ambushed a bolshevik patrol in the forest, wounding a number of the enemy.

## CLEAN THE BLOOD

"Taken from Nature—The wild roots and herbs that go into the composition of one of the oldest and best known blood tonics are mostly gathered by the Indians on our reservations—brought or shipped to Dr. Pierce's Laboratory in Buffalo, N. Y. Over fifty years ago Dr. Pierce put up an alternative tonic without the use of alcohol that soon became known all over the world.

The spring is the time of the year we should put our house in order. We're run down after a hard winter—after grippe, colds, catarrh. It's time to take Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics. It will search out impure and poisonous matter and drive it from the system. Buy it now in tablets or liquid.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away, never to appear again.

Dr. Pierce discovered 50 years ago, that Nature has provided freely for these needs of her children and that in her laboratory were the remedies. Extracts of Queen's root, Stone root, Black Cherry-bark and Bloodroot, as prepared, combined and preserved without alcohol, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue-building remedy ever offered to the public.

The situation during the past few days has been generally quiet.

COPENHAGEN, April 17.—Bolsheviks in Russia are giving way to a "new bourgeoisie," according to the director of the Moscow Red Cross committee who has arrived here from the Soviet Union.

Premier Lenin and War Minister Trotsky are trying to reach an understanding with the moderate elements in Russia.

The situation in Petrograd, the director reports, has been growing worse and numerous anti-Bolshevik outbreaks have occurred there.

In February there were 32,000 deaths in Petrograd, compared to 125,000 in January.

STOCKHOLM, April 17.—The bolsheviks are carrying out a rapid and systematic annihilation of all the bourgeois elements in Riga, according to reports from Latvia. The victims are taken to the island of Hagen, in the Dvina River, and are said to number 70,000, including women and children.

FINN DENY WAR STORY.

(BY A. P. WIRE.)

WASHINGTON, April 17.—Interpolations in the Finnish Diet have brought a denial from the Prime Minister that Finland intended to intervene in Russia. It was said, in official dispatches received here, that the present plans call for day from Helsinki. In the meantime, however, information reaching Stockholm from Helsinki declares that the Finnish voluntary corps has crossed the Russian frontier north of Ladoga for the purpose of safeguarding Finland's interests in Karelia. Rumors of bloody fighting have been circulating.

MASSSES OF FUGITIVES ARE SAID TO BE FLEEING TO FINLAND TO ESCAPE BRUTAL TREATMENT BY THE RUSSIAN BOLSHEVIK FORCES. RED GUARDS HAVE CROSSED THE FINNISH FRONTIER AT THE VILLAGE OF MYRIS in the parish of Salmi, plundering and burning.

USURPED NAME.

Banker Says Another Took His Wife and Also Cognomen.

Mrs. Mae Edwards Bohner, who, since her first appearance in the divorce court, became a moving picture actress, failed to get a decree of divorce in Judge Croft's court yesterday. On the other hand, C. H. Bohner, a former Butte (Mont.) banker, was granted a decree on his cross-complaint.

He alleged that his wife had another son.

Mr. Bohner testified his suspicions were aroused when he saw the name "H. E. Bohner" in the city directory. He called at the address and said he found his wife and another man living there.

Mrs. Bohner, who charged cruelty in her complaint, vehemently denied the charges of her husband, Stephen Strong, a witness testified that Mrs. Bohner introduced a man to him as Mr. Bohner, but he said that the man in the courtroom was not the one.

OLD RESIDENT DIES.

Funeral is Held of W. B. Forsythe, Standard Oil Employee.

Funeral services were held yesterday, at the Peck & Chase chapel, for William Bowers Forsythe, 67 years old, of 1519 South Hoover street, who died of heart failure after an operation from which he seemed to be recovering.

Mr. Forsythe was born in Oswego, N. Y., in 1867, and came to California in 1891, settling in Orange. He moved to Los Angeles twenty-four years ago, and engaged in the mercantile business. At the time of his death he was in the employ of the Standard Oil Company, being in charge of the supply store at El Segundo. He leaves a widow, Mrs. Alice Chandler Forsythe, son, Clyde Forsythe, and a brother, Frank Forsythe, of Colton.

THIEVES SENTENCED.

David A. Wells, convicted of burglary, was sentenced yesterday by Judge Craig to from one to fourteen years at San Quentin. It was charged that he entered the residence of C. P. Marshall of 1615 East Thirtieth street and stole \$108. L. Acuna, convicted of grand larceny of \$16.49 on January 31, from K. Arakawa, was sentenced yesterday by Judge Craig to from one to ten years at San Quentin.

## PROTRACTED ILLNESS RESULTS IN DEATH.

THOMAS J. NELSON, PROMINENT PHYSICIAN PASSES AWAY; FUNERAL SATURDAY.

Dr. Thomas J. Nelson, Los Angeles physician, and formerly well-known in athletic circles here, died yesterday at his residence, 969 West Thirty-second street. Death came after a protracted illness.

Dr. Nelson began his studies in the University of Southern California and completed them at Stanford University, graduating from the Medical Department there in 1902. During his senior year he was made assistant in chemistry to Prof. Wensell.

He took up his practice in Los Angeles in 1903 and was actively engaged in it for twelve years.

In 1905 he married Miss Margaret Scott, niece of Bishop I. B. Scott of the Methodist Episcopal Church. He is survived by his wife, his son, Thomas J. Nelson, Jr., and his mother, Mrs. C. W. H. Nelson.

Funeral arrangements will be completed today. The present plans call for services from the chapel of A. J. Roberts Sons & Company parlors, at 1113 South Los Angeles street, Saturday at 1 o'clock p.m.

## BABY-CARRIAGE GIRL FINDS A HUSBAND.

GOES TO VAN NUYS WITH DUES IN WELL-KNOWN CONTAINER; WEDDING FOLLOWS.

Miss Mildred Brown, 18 years old, never had a romance in her unhappy life until she started from this city, trundling a baby carriage containing a blanket and food, to find work in the country. The unique trip brought her a husband, for yesterday she was married to Ronco Battiste, an Italian farmer, of Van Nuys.

The bride was escorted by her father, and she believes that her mother is in Wyoming. Forced to work in a cannery factory in the north for her living, she determined to come to Los Angeles. The "Bride" carried her baby in a baby carriage belonging to her landlady, she packed it with provisions and a blanket to sleep on, and started for the country.

She pushed the baby carriage along the highways, sleeping near the roadside at night. On reaching Van Nuys she learned that Mr. Battiste wanted a housekeeper. She applied for the job and was accepted. That was two weeks ago. The farmer proposed marriage and was accepted. Yesterday Justice Summerfield made them man and wife.

GIRL'S CONFESSION COMPLICATES CASE.

YOUNG WOMAN ARRESTED IN ARMY UNIFORM TELLS SURPRISING STORY.

A confession obtained by Mrs. W. J. Rogers, superintendent of the Welfare League work at Pomona, and probation officer for that city, from Madeline Kuntz, arrested there, while in company with an older man and masquerading as a soldier, yesterday, gave the case a more serious aspect. As the result of the story told by the girl, charges are being contributing to her delinquency may be filed against John Tracoz, who held in the Pomona City Jail.

The girl, Tracoz, while she and Tracoz were on their way to supper in Pomona, was taken by Mrs. Rogers to Juvenile Hall, where she will be held, pending the disposition of the case. On the way to Los Angeles the girl told Mrs. Rogers her true name, saying Margaret King, the name given by her at the time she was arrested. A petition for her release is being filed by the girl's mother, who is a resident of Los Angeles.

Following the girl's confession, the juvenile authorities telegraphed to San Antonio, Tex., and were placed in communication with her parents. The girl left Texas about three months ago, and that she had been living at Long Beach, where she was arrested.

While en route the girl told quite a sensational story, and while giving the picture taken, and that it was in her grip when she started for Pomona to look for work. When Tracoz found out she had it with her he suggested that she don it, after which he cut her hair.

She said she had borrowed the uniform of a day or two ago to have her picture taken, and that it was in her grip when she started for Pomona to look for work. When Tracoz found out she had it with her he suggested that she don it, after which he cut her hair.

## JURORS ARE ALREADY SWORN IN FOR THE TRIAL OF MAYOR WOODMAN.

Sketched in Court Yesterday at the Opening of the Trial of Mayor Woodman, Charged with Seeking and Receiving Bribes for the Protection of Vice in Los Angeles.

### LAUNCH GIGANTIC ENTERPRISES.

Los Angeles Chamber of Commerce today took the initiative in the launching of a movement to secure the passage of a bill in the coming Congress to authorize the construction of a transcontinental highway and the harnessing of the Colorado River. Other reclamation projects of merit are also to be advocated. Copies of resolutions presenting

reasons why these enterprises should be undertaken now, both to create vast wealth and development through the country and to solve vital existing problems, will be sent to all the leading chambers of commerce of the United States.

### EMELEEN CHILDS' STOUGH IS 101 BIRTHDAY TOLD

Red Cross Heroine to Marry Army Volunteer.

Brilliant Paris Wedding to Crown War Romance.

Both Prominent in Society Here and in East.

BY VIRGINIA WOODS.

News of the engagement of international interest was made known here yesterday with the announcement by Mr. and Mrs. Ozro W. Childs of the birth of their daughter, Miss Emeleen Childs, to John Akin Branch of Richmond, Va. Miss Childs was one of the most prominent of the younger social figures of Los Angeles prior to her volunteering for Red Cross nursing service overseas two years ago. Since then she has distinguished herself as a nurse, a high honor from both the French and Belgian governments. It was in her capacity as nurse that she met Mr. Branch, son of one of the dominant families of the Old Dominion and who volunteered at the beginning of the world war and for four years drove an ambulance on the battlefields of France. He is still engaged in military work at present.

Some time after the armistice was signed Mr. Branch, a letter to Senator Robert L. Owen of the Committee on Banking and Currency and a number of other Congressmen to whom copies of the letter were sent to the fact that at the end of the war the United States finds itself with 250,000 motor vehicles, 12,000 airplanes, 37,000 engines and other equipment.

"I believe," wrote Mr. Branch, "the construction of these highways to be of great economic value and particularly in time of peace, as enabling us to develop a great empire west of the Mississippi River, and if war should unfortunately overtake us they would be particularly efficient in aiding quick transportation." Both Senator Owen and Senator Reed Smoot in replying concurred with Mr. Branch.

**BIG REASONS.**  
The two big reasons advanced in favor of at least one transcontinental highway are: It will create wealth by developing a vast area of country and help to solve transportation problems. It will provide a means for employing labor and materials available after demobilization. The value of the salvage from the enormous quantity of equipment and materials would be multiplied many times if used on a constructive enterprise of this kind. Many thousands of returned soldiers, who might otherwise be jobless, would be employed.

The thousands of big motor trucks, tractors, thousands of mules, explosives used in trench building and other equipment could be utilized to the best advantage in road building, where every phase of highway construction would have to be met.

### STOUGH IS 101 YEARS OF AGE.

Millionaire Celebrates His Birthday in this City.

Time's Lamp Burns Brightly for Sturdy City Builder.

Big Reception to be Held in His Honor Here Today.

Youth, in the guise of age, claimed its own last night when an appropriate farewell to the first year of his second century was celebrated in Los Angeles by Oliver J. Stough and a number of his intimate friends.

It was a sort of "hail and farewell affair," as the wrinkled figure called it, and was held at the home of Mr. and Mrs. A. J. Casbeer, at 505 South Serrano avenue. Today, at the same address there will be an informal reception to the many friends of the millionaire, whose 101st birthday finds him active, happy and hopeful. Mr. Stough has lived in California for the last forty years, and is well known here. Several years ago he sold his large ranch near Burbank and took up his residence in San Diego, but he still insists upon being called a farmer.

When the day that was to mark his entrance into the second year of his second century rolled around, Mr. Stough decided he wanted to have a celebration. So he just "got ready," hopped into a machine, and arrived at the home of Mr. Casbeer, a kinsman.

Mr. Stough, among other things, is the oldest Elk, a veteran of three wars, founder of several cities in Illinois, which he "laid out sixty or seventy years ago," and the first humane officer Chicago ever had. He dealt with several generations in real estate business and banking.

"Maybe the boys will want to come and see me," he told Mr. Casbeer. "I guess we better have a dinner and a reception."

The reception will be at the Serrano street address from 2 to 4 o'clock this afternoon. Many old friends of the aged man and near Los Angeles are expected to be present to wish him "many happy returns of the day."

Last year Mr. Stough was given a public reception by the Cabrillo Club of San Diego, at which nearly 2000 persons were present, but that was the celebration of his 100th birthday, and this kind of a birthday, he told a friend, comes only once in 100 years.

Mr. Stough arrived in Los Angeles with Mrs. Isabella Churchill of San Diego. She and Mr. Stough will be guests of Mr. and Mrs. Casbeer for several days. Mr. Stough was born in Chicago in 1818. He planned

### MAY START EVIDENCE ON MONDAY.

Jury Box in Bribery Trial is Half Filled in but Six Hours and the Task will Probably be Finished Today; One Woman Qualifies for Seat so Far.

Examining sixteen prospective jurors and swearing in six as permanent members of the trial body in six hours, the bribery trial of Mayor Woodman made such rapid progress yesterday that the taking of testimony can probably be started Monday.

The jurors accepted were Henry Baker, a typewriter agent residing at 1843 West Forty-third street; E. P. Colburn, a chemist, of Eagle Rock City; O. T. Denny, an orchardist of San Dimas; Benton McCoy, a farmer residing at Wilmington; Mrs. F. J. Parker, a housewife, of 5251 West boulevard, this city, and T. W. LaFetra, an orchardist at Glendora.

Out of the sixteen prospective jurors, two were excused when they admitted that they had formed opinions regarding the case which would be hard to set aside. They were Mrs. Jeannette Lewin of 687 Westlake avenue and G. H. Barnes of 4815 Badgion avenue. J. W. Hand of Long Beach, and Mrs. A. M. Norton of 511 South Western avenue were excused after explaining that their health is such that they would be unable to remain on the case if it lasted a week or ten days.

D. Contero of 1708 Fourth street, Ocean Park; J. W. Wesley (colored), of 5114 Howe avenue, and C. C. Bailey, a retired druggist of 1336 Bond street, were dismissed upon peremptory challenge by the prosecution. Martin Olsen of Sierra Madre, Mrs. William Driscoll of 1492 Ventura boulevard, and Ernest Brooks of Claremont were excused upon peremptory challenge by the defense.

**SIX SWORN IN.**  
Just before four was adjourned at 5 o'clock, last night, the six jurors who had been accepted were sworn in and the following prospective jurors were called for examination when court reconvenes at 10 o'clock this morning: Mrs. Bertha Leathers, Jay Leathers, Mrs. Carolyn Murray, George J. Ley, William Coleman and J. Chure.

In the selection of the first six jurors the prosecution exercised three out of its five peremptory challenges, while the defense spent three out of ten peremptory challenges.

Judge Willis says he thinks beyond a doubt the jury will be completed today.

**MAYOR PLEASED.**  
Mayor Woodman, optimistic and smiling, sat through yesterday's session without a trace of nervousness. When court adjourned he stated that he was absolutely satisfied with the six jurors who had been accepted.

"I would have been willing to have gone to bat with the twelve as they stood before six were discarded by challenge," was his comment. "They all looked fair and square to me. I am sure a good jury will be secured in double quick time and we will have this thing over in the course of a few days. I have no doubt as to the outcome."

The remarkable progress made yesterday in the matter of selecting a jury was a surprise to everyone, as it had been thought that the matter of choosing a trial jury would occupy several days of the court's attention, but both sides seemed eager for the first, and the examination of prospective jurors moved forward almost as fast as the opposing attorneys could shoot questions at them.

Mayor Woodman is being defended by attorneys John D. Fredericks, Byron C. Hanna, LeCompte Davis and Arthur Veitch. For the prosecution the attorneys are Dis-

### GOOD SNAPPY ENERGETIC RAG-TIME

THE sort that has real music in it. (Some very eminent critics have said that rag-time is America's most original form of musical expression.) The sort that you seldom expect to hear except in the performances of celebrated metropolitan cabaret orchestras.

Did you know that you can now get rag-time at its very best in music rolls? That is one of the things the Marshall & Wendell American Reproducing Piano makes possible. The Ampico reproduces all the variety and spontaneous abandon of the artist who made the roll. When the Ampico plays a Berge, an Arden or a Wending interpretation of a popular dance number, it's as good as if you had engaged the pianist himself to play for your guests.

And the Marshall & Wendell Ampico needs no supervision. An exclusive device—the "Automatic Encore"—will repeat as often as you like, the whole or any selected portion of the work.

We want you to hear the Marshall & Wendell Ampico at your first opportunity. Come and bring your musical friends.

## CHARLES RAY SIGNS.

FIRST NATIONAL SECURES THE POPULAR YOUNG STAR.

By Grace Kingsley.

The professional future of Charles Ray for the next two and a half years is at last settled. According to word received yesterday by Seymour Tully, son of T. L. Tully, vice-president of the First National Exhibitors Circuit, who is attending the meeting of the organization in New York, Mr. Ray, who is one of the most popular actors on the screen, has signed a two-years' contract with the First National Ex-

hibitors Circuit. His salary will be one of the largest ever paid a film star.

The new contract is not to go into effect until January of next year. In the meantime he will continue to star in productions for Thomas H. Ince and Artcraft, he having made arrangements to finish with said organization at the end of the present year.

Already Mr. Ray has secured two well-known plays, success of this season on the metropolitan stage, to put into film form. One of these is reported to be "The Tailor-Made Man," though this rumor could not be verified. Mr. Ray will build his own studio and have his own company.

T. L. Tully has his plans about completed for the building of his new palatial theater, and expects to have the house finished and ready for use in the latter part of February, at which time the first Ray picture will be about ready for showing. He

is greatly elated over the signing up of Ray, as he considers the already great popularity of the star to be constantly on the increase.

## Lasky Stars Arrive.

Production activities at the Famous Players-Lasky studios are taking a spurt, these days, with stars arriving at the western studios in blinding array. Houdini, the most famous man of mystery of these times, who of late has left the stage for pictures, will arrive on Sunday, and will almost immediately commence production on a story written especially for him. A number of stories have been submitted, but it is likely that the one by Arthur Reeve will be the one selected first for production. Mr. Houdini has already secured a house here; for, though an expert escapist, he confesses he is baffled by the intricacies of the ingrowing bookshelves and the canned beds of the ordinary apartment-house.

Marguerite Clark, popular Lasky star, accompanied by her husband, Lieut. H. T. Williams, arrived in town in the cold gray dawn of yesterday morning, over the Southern Pacific, according to schedule. Despite the unheard-of hour of arrival, however, she was as fresh as a daisy, and was all smiles as she greeted Walter Edwards, who is to direct her first picture to be made in the West, which will be Clyde Fitch's "Gloria" and by Charles Horton, manager of the Morosco studio.

Just as Miss Clark was saying hello to all of us with her justly celebrated smile, she suddenly remembered she had brought a chow dog along with her, and that he was lost somewhere in the baggage car which was being shunted up and down the tracks, and she was no peace for anybody until he was restored to her arms. Then she graciously made the rubber-stamp remark about thinking California was lovely, and about being happy to be here. After which she and her husband boarded a nice shiny new automobile and were borne to their newly engaged house in the Wilshire district.

## Anita King Heard From.

So our picture stars will go to Europe, will they? Then let's take the consequences. Now it's Anita King, W. W. Hinkson star, who went abroad, to meet her husband, Maj. Robert McKnight, and who is now in London with him, but who, according to a letter from her, is just hounding and hankering to get home in the old United States again.

"I get very homesick at times for dear old California," she writes. "There isn't another place like it in the whole world. You take my advice and never leave it. If I ever get back they will have to dynamite me to get me out."

"Everything is just pictureque here now—it makes me feel as if I were back in a motion picture studio. All London is our stage, and every man you meet has a different kind of uniform, and every color imaginable in shape and style. I don't know how the Scotch lads manage with only their kilts here, it's so cold. The coal is very short, and there is no heat in the hotels. Each room has a radiator, but it doesn't seem to get coal unless a doctor orders it for your health. There is no butter, sugar or cream, and the meat, so one does not miss the other things much. I haven't seen a person in London who has been twelve pounds, and if I continue losing I shall be able to play Flora Finch parts."

"You know yesterday, Sunday, I got to longing for some flowers like those in California. The sun was shining, and I was happy and careless with my English money. So I bought ten little violets and four twelve-penny ones. The cost of a dozen, which is \$4.13 of honest to heavens money."

As American motion-picture capital is being put up to make pictures in England and France, it is possible, says Miss King, that she may remain and make a picture or even more than one picture, before returning home.

Nazimova Leaves. Nazimova, Metro star, left for New York last Saturday, accompanied by her husband, Charles Bryant. She will remain only a week or two, and when she returns will at once begin making a new production in which she plays the role of a Spanish girl, the story being built on a combination of two Spanish stories, which have lately been purchased for her use.

Takes Three Hours' Vacation. Beulah Barricade managed to get in a day's vacation yesterday between pictures, and took her small son to Venice, where the two had a nice rally time. They rode on the roller-coaster and visited the Midway, Miss Barricade drawing the line only at the merry-go-round, she says.

And she simply had to wear a big hat. No, not the sort of hat you look like a woman," he explained. "Put on a big hat, there's a nice mother—look like a regular girl!"

Janice Wilson Too! Here's a nice little romance of the rise of a film beauty—just like the sort of thing you read about. Her name is Janice Wilson, she is the sister of Lois Wilson, the screen beauty who has been playing leads with J. Warren Kerrigan, she is just as lovely as her sister, at present she is playing the leading feminine role of Frank Keenan's picture, and it is whispered she is shortly to be starred by one of the big companies.

One morning a few weeks ago, sister Lois started off to work at the studio as usual, and sister Janice followed her to the office of Willis & Ingels, and told them she wanted to play in pictures. She said she had never had

any experience and she didn't tell 'em she was Lois Wilson's sister. Her beauty and evident breeding marked her for honors, however, and next day she was called to work in a picture with Gladys Brookwell, at a nice little salary of \$50 per week. She made good in the picture, and has had one or two engagements since then, but nothing startling.

Then about a week ago, when Mr. Keenan started work on his latest picture, "The Probation Wife," she looked about for a lovely leading woman. As soon as he saw Miss Wilson's photograph, he decided she was just the girl for the part. And so she is playing opposite him.

And yesterday it was being rumored on the Rialto that one of the big firms is dickering for her services.

## STOCK SALESMAN IS BROUGHT TO COURT.

## CLEO OIL COMPANY SHARES FIND READY SALE AMONG MOTION-PICTURE MEN.

By request of State Commissioner of Corporations E. C. Bellows, a complaint accusing C. F. Reynolds, an oil stock salesman, of selling corporation stock without permission of the commissioner, was issued yesterday by Deputy District Attorney Becker. The complaint was issued on information furnished by Harry M. Conner, a motion-picture man here. Reynolds was arrested within a few hours by Constable Lyons.

Reynolds is accused of selling ten shares of stock in the Cleo Oil Company of Wichita Falls, Tex., said to be an association, to Mr. Conner for \$150. It was asserted, however, by Deputy Becker that the sales of this particular stock during the last few weeks, among persons in the motion-picture industry alone, will amount to about \$100,000.

It was further stated that Reynolds informed Mr. Conner that the company owned wells in the Burk Burnett fields, where a recent strike has been made. The defendant was arraigned in Justice Hinshaw's court and was released on \$1000 bond. It is understood that an effort will be made to increase the bail. Hearing was set for next week.

## MARRIAGE IS ANNULLED.

## Hotel Man Wed Her Before Getting Decree, Second Wife Proves.

A futile attempt was made yesterday by George Rawley, arrested by Constable Hayes on a charge of bigamy, to tear up letters said to be addressed to his first wife, Rawley was taken into custody at 417 South Spring street, the complaint having been issued, sworn to by Mrs. Fannie Horton Rawley, whom he married to his first wife, Rawley, she alleged that at the time of the marriage, Rawley was married to a woman at Eureka. The letter found on Rawley was addressed to Mrs. Belle Rawley in that city. Rawley is in the County Jail.

## HAS TWO WIVES?

## WINS LIBERTY BY WRONG WORD.

Man Once Found of "Unsound Mind" Instead of "Insane" Now Called "Sane."

Sidney Collins escaped confinement in Patton by a technicality. A jury in Judge McCormick's court some time ago brought in a verdict of "unsound mind." The law provides that the verdict must be worded "sane" or "insane." The verdict was set aside. A jury in Judge Houser's court yesterday found him "sane," and he was discharged from custody.

Mr. Collins is a discharged soldier. The prosecuting witness was his mother, Mrs. Mary Collins. The evidence showed that he had quarreled with his father, but the young man said he was no more to blame for that than his father.

It was also charged he believed that a member of a religious society in St. Louis had some influence over him. This was refuted by the young man.

COLORATURA RECOMMENDS INTELLIGENCE FOR VOICE.

By Jeanne Redman.

Apparently it is as easy for an American singer as for a financier to spring up over night like the proverbial mushroom, in this great motley of America. Mable Garrison, young American coloratura soprano, who sings this week at Trinity Auditorium with all the aplomb of a professional who has back of her the utmost training and tradition of the Old World, says that not only has she never studied abroad, but she has never even been there.

"I think all the talk about the necessity for training, with the assistance of great teachers, most of them to be obtained abroad, is exaggerated. If one has no obstruction nor congeniality in the throat, she can sing by herself, and if she needs something done to her throat she should go to a doctor. Rather than for those of us who have been brought up with extravagant ideas of the imperative need for voice training, is it not?"

"If you have intelligence and there is nothing wrong with your voice, why should you have to learn from anybody other than yourself, how to use your voice? I sang before I talked. I have received little instruction in either art. My criticism is not fault with my production, and so far as fatigue is concerned, never am I so alive as after I have finished a recital or an operatic role. I want to begin all over again. I am only just warmed up."

The young woman is small and fragile, and extremely good to look upon, and considering her some seventy-five performances since the first of January, without a hitch, she seems to know whereof she talks.

Of course, she believes in hard work, and she has done any amount of it. But aside from a short time at the conservatory in Baltimore, from whence she hails, she has mostly taught herself. She simply does not accept the old bugaboo of the inevitable pedagogy. Miss Garrison will sing her last recital here on Saturday afternoon at Trinity.

## GAY CITY LIFE TOO FAST FOR SAILORMAN.

## PRETTY GIRL, BIG GUN AND POLICE JUDGE CAUSE OF DOWNFALL.

A pretty motion-picture actress, a few sales exchanged in a cafe, a large horse pistol presented by the Sultan of Sulu, and Police Judge Richardson, yesterday, proved too much for M. C. Carnicle, just discharged from the United States Navy. He started for San Francisco, the object of the girl's parents, charged with carrying concealed weapons. He pleaded guilty to all charges. He thanked everybody for their kindness, and in the same breath declared life in the city was too much for him, and requested leave to re-enlist in the navy. He was released and departed for San Francisco.

According to Carnicle, the pistol found in his possession was presented to him by the Sultan of Sulu, when he was in the Philippines a number of years ago. He stated that he carried the weapon in his pocket because he was afraid it would be stolen. He admitted slapping Miss Joy Auerback, the motion-picture actress, who is said to live at No. 233 South Flower street, but could give no good reason for his slapping her, and he was unable to explain the assault, but informed the court he did not care to prosecute the case.

"I guess Los Angeles is too gay for me," declared Carnicle. "Judge let me go, I want to enlist again."

## WINS LIBERTY BY WRONG WORD.

Man Once Found of "Unsound Mind" Instead of "Insane" Now Called "Sane."

Sidney Collins escaped confinement in Patton by a technicality. A jury in Judge McCormick's court some time ago brought in a verdict of "unsound mind." The law provides that the verdict must be worded "sane" or "insane." The verdict was set aside. A jury in Judge Houser's court yesterday found him "sane," and he was discharged from custody.

Mr. Collins is a discharged soldier. The prosecuting witness was his mother, Mrs. Mary Collins. The evidence showed that he had quarreled with his father, but the young man said he was no more to blame for that than his father.

It was also charged he believed that a member of a religious society in St. Louis had some influence over him. This was refuted by the young man.

### BRIGHT LIGHTS' ON LOAN SHIP.

Million Candle Power to be Hurlled Against Her.

Flying Circus Ready to Make Record in Selling.

Precinct Committees Prepare for Monday Opening.

Introducing the "Brightest Spot in the World."

Vision the geographical center of Pershing Square. The good ship Victory Loan, full rigged and tugging at her moorings, and 1,000,000 candle power hurled against her in one magnificent burst of scintillating glory from a battery of "light infantry," the most powerful ever assembled "neath the California stars, astral or mundane. This will happen next Monday evening when the christening of the Victory to the cause typified by its name will occur in Han water from the Rhine.

Carl Jensen, manager of the motion-picture entertainment end of the loan campaign, says the ship and the entire contiguous surroundings will be literally "flooded" in light. Other members of his committee prefer the term "bathed" as being more euphonious.

Technically, a battery of twenty high voltage studio lamps are spot lights, fitted with powerful lenses and reflectors, manufactured by the Los Angeles firm, Winfield J. Kerner, especially for large exterior scenes at night, will be used under the supervision of D. W. Griffith and his staff. This will be the greatest number of lamps ever used at one time and will make possible the making of motion pictures in any part of Pershing Square. Every bond buyer will be enthralled by his features perpetuated on the screens at local theaters.

**THEATER CAMPAIGN.**

It was decided yesterday after a conference in which a number of studios were represented, that the allocation of bonds being sold should be made in proportion to the amount. This will be done from the Victory ship, from the tanks which will visit the smaller towns, from precinct meetings, and in conjunction with the flying circus. The four-minute men are being organized and will appear at every place where audiences assemble during the period of the drive.

At a meeting last evening at the motion picture division, the National Film Corporation was first over the top, exceeding its apportionment by several thousand dollars. Willam Parsons, president of the company, heading the list with \$25,000. Mr. Bernstein, producer manager, tendered a list of the pledges made at the studio.

James Logan is much enthused over his flying circus. He expects to "drop in" on every town in Southern California and break all records for lefty bond selling. The circus will start on Monday, when a flock of bombers will appear in the sky over Los Angeles distributing propaganda and presenting an air spectacle not equalled in the famous invasion by scores of airplanes during the Fourth Liberty Loan. On Tuesday the circus will begin its regular tour, playing Santa Ana the first day. Maj. John G. Tarble, commander of the Santa Ana Field, will lead the procession, accompanied by Mr. Hogan, which the tank Liberty will be the centerpiece will be held at the corner of West Adams street and La Salle avenue on Monday evening. This tank will be in command of Stanley Lord, who is a battle-scarred hero of the fourth loan, in which he lost an eye as the result of a premature explosion during one of the tank studies. Besides the tank at this initial precinct meeting there will be a jazz band, good speakers and a famous motion picture star.

**TANK ON EAST SIDE.**

On Tuesday evening the tank Liberty will visit the East Side and go into action just opposite the May street school. This tank will be primarily for the Italian committee. Prof. Andreini will speak, and Antonio Moreno of the movies will also be both seen and heard. Two Italian heroes from the western front will tell the crowd how the Americans broke the German line in the big offensive.

The tank "democracy" will begin her "lower" of Los Angeles county towns on Monday. The tank will be

### WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Perth Ambury, N. J.—For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in a newspaper, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells. Every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound—that is what makes me feel well and look well. I recommend it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills."—Mrs. MATTHEW STANLEY, 524 Penn St., Perth Ambury, N. J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such cases as mine as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

camouflaged in red, white and blue, and will be banner trimmed for dress parade. Her crew will consist of jazz banders, movie stars, orators and regular heroes. The first stop will be made at Whittier Monday evening, where the local committee has arranged for a large and enthusiastic meeting.

Director James S. Riley of the industrial campaign is rapidly rounding his committee into shape and announces that work on every industrial department will start Monday morning early.

The precinct organization, under Director R. H. Ballard and Mrs. J. T. Anderson, chairman of the Women's Liberty Loan Organization, will have charge of nearly 7000 workers. Promptly at 9 o'clock Monday morning every precinct committee will begin active solicitation.

### NEW YORKERS PICNIC.

Annual Reunion of Former Residents of Empire State Tomorrow.

Dr. George H. MacNeill, vice-president of the New York State Society of Southern California, will have charge in the absence of President Louis G. Guernsey, announces completed plans for the big annual picnic reunion in Encanto Grove all day tomorrow. He has arranged to have county headquarters opened early in the morning and county registers installed.

The programme will start at 2 o'clock. Dr. MacNeill presiding, and voicing a welcome to all New Yorkers. Instead of long addresses, there will be brief talks from each president and past president of each of the New York organizations in Southern California. These include Pasadena, Long Beach, Redlands, Santa Barbara, Riverside, Perris and San Bernardino. Col. Frank H. Lewis will bring a greeting from the Federation of State Societies, and Secretary C. H. Parsons will tell of the work of the organizations.

police department believe that his last he had been in the city for a year. Others believe that he has become a drug addict. Only by these conjectures, the ardent Lewis was turned burglar. Yesterday Lewis was alternately chipper and downcast.

"I'm sorry to see you in this fix," a friend said to him in court. "I'm sorry to be here," said Lewis, in crestfallen tones, that they've got the goods on me, all right."

Except to state that Lewis had carried away the loot in a borrowed automobile, Chief McQuinn would not detail the accused man's admission of guilt to him. He said, however, that Lewis admitted having given away to a friend a bicycle belonging to the city.

Lewis is married and has four children by a former marriage. The oldest is a boy 16 years old; the other children are girls, 14, 12 and 10 years old, respectively. The wife and oldest daughter are understood to be in Santa Barbara now.

### SOLDIERS ASK BIG SUM FOR WIFE'S LOST LOVE.

**SUIT TO RECOVER \$50,000 FILED AGAINST RETIRED BUSINESS MAN.**

F. E. Welch, a wealthy retired business man, was made defendant, yesterday, in a \$50,000 lost love suit, brought by F. B. Littlefield, a disheveled soldier, His wife, Mrs. Maybelle Littlefield, is alleged in the complaint to have been lured from her husband by the ardent love-making of Mr. Welch, and presents of money and jewelry.

The Littlefields were married in Chicago, eight years ago. Mr. Littlefield entered the army and went to a training camp at Little Rock, Ark. He says that his wife made frequent trips to Los Angeles to visit a sister. Mrs. Littlefield is reported responding with him. Upon his discharge from the army he came to this city with the hope of effecting a reconciliation. He claims she refused, and an investigation revealed her alleged affection for Mr. Welch. Mr. Littlefield declares that his wife, who came to Los Angeles to live with her sister, had her trunk and personal effects removed to the residence of Mr. Welch.

and started construction on what is now Hinesdale, Ill. He was the first client of Judge E. H. Gary, knew and corresponded with President Lincoln, was a friend of Gen. Grant, and knew most everyone in the old days around Chicago.

Mr. Stough still manages his own affairs and is active and fully in possession of all his old business ability and general interest in things around him.

One of the largest single items in his estate was formerly the famous Stough ranch near Burbank, sold by Mr. Stough to A. J. Casbeer, at that time a San Diego attorney, and now living in Los Angeles; a ranch near Escondido, worth over \$200,000, and a number of other valuable property holdings.

The aged millionaire is one of the most picturesque figures in California. He takes much interest in athletics, until recently had a habit of taking a swim in San Diego bay every New Year's Day, with members of the San Diego Rowing Club.

Both he and Mrs. Stough, up to the time of her death a few years since, took a great interest in their Burbank ranch, and had developed it up to a point of one of the most beautiful in this section of the country. Of especial interest were the wonderful foothills built by him over the rolling roads built in his 6000-acre property.

**EASTERIDE—AND YOU.**

At Easteride the world is dumb at thought. Of miracle so marvelously wrought. Of Easteride brings to my heart, anew, The miracle of love, expressed by you.

At Easteride our minds hark back To one glad morn when rose the Christ from death— And strain and praise loud, 'midst love for you, while still God gives me breath.

At Easteride all nature sings for joy, Of Christ come down, Himself, death to destroy; And so my heart gives birth to joy, The while for you my love is burning strong.

Thus Easteride does evermore enshrine God's victory of love divine; And so, at Easteride, the love you gave was like Mary's, waiting at the grave.

### FORTUNE IS PROMISED.

Another Twist Is Given Moss-grown Spanish Swindle Scheme.

Another twist of a favorite swindling scheme to separate the unsuspecting from their money was brought to the attention of Post-office Inspector Cookson, yesterday. The hint was furnished by a well-to-do rancher of this county, who showed a letter he had received from Madrid, Spain, signed "R. de S.," offering the addressee \$120,000 if he would pay the expenses of recovering a fortune of \$350,000. No mention was made of the sum needed to secure the treasure, which is represented in the letter to be in the form of two government checks concealed in a hidden pocket in a portmanteau on which there are certain dyes to be paid and certain expenses involved.

The Los Angeles man is advised, not to write, but to cable "Jesus Montilla Liza, Telegrafo, Pamplona, Spain," if he is much and willing to negotiate for a big share in the fortune. If he does, the secret will be disclosed to him and the plan of operations explained, the letter says. The inspector says the letter is written on the same kind of paper and in the same handwriting as many letters sent to this country, some years ago, purporting to be from a Spanish prince or owner who had a mythical fortune to recover.

### FRAUD CHARGED.

Upon the complaint of T. P. Cutting of the Crocker-Cutting Company, Charles F. Steelman was arrested yesterday at the harbor on a charge of embezzlement. It is alleged that Steelman defrauded the cigar company out of \$200. He was placed in the County Jail.

## Easter=Time —is Millinery Time

—To be really smart one must buy hats—particularly one hat—for one special occasion—Easter!

—Then one remembers the sports togs of vacation time—and more hats are absolutely necessary—

—And all this while afternoon hats, and garden party hats, and hats for tailored suits are yet to be selected.

—What a wonderful thing it is to be able to go into one great Millinery Section—like Hamburger's Hat Shop—and find all of these hats in scores of variations—no two alike!

—Hamburger's knows millinery—has bought it for thirty-eight years—

—And Hamburger's knows its customers—the personal tastes—the individual needs — and buys for each—the prettiest hats in the world.

—That all may be happy in their purchases, prices are made for their convenience—ranging 7.50 to 32.50.

—That the great pre-Easter millinery displays are exquisite, you've only to come and prove. We invite you—today—and every other day.

### HOLD SERVICES ON MOUNTAINS.

(Continued from Second Page.)

Adna W. Leonard of the Methodist Episcopal church will deliver an address. Dr. Ray Hastings, organist of Temple Baptist Church, will preside at the pipe organ, and Margaret McKee will give whistling solos. The Davis sisters, who have been prominent on many recent military programmes, will appear in a series of numbers with bugles and brass instruments. Frank M. Keffer, cornet soloist, will play "The Holy City."

The site of the original concert planned by Father Junipero Serra, overlooking Ventura, has been selected for an unusually interesting and impressive Easter morning service. A new automobile road to the hilltop is expected to prove an incentive for many motorists to make the trip. The programme will feature the numbers usually accepted as part of the Easter morning celebration.

At Fullerton, the Board of Trade has sponsored a movement to hold a sunrise service on one of the near-by hills. L. E. Plumber, supervising principal of the high school, has the affair in charge, and has arranged an attractive and inspiring programme.

Christian Endeavor societies of Orange county will combine to hold a community Easter morning celebration at Red Hill, near Tustin. The event has become an annual affair, with increasing attendance each year. The principal speaker this year will be Rev. Mr. Porter of Santa Ana. Miss Esther Jensen is in charge of the programme, which will include a number of impressive musical selections.

Mt. Helix, near San Diego, will be the scene of the second annual Easter observance in that locality. A greater effort has been put forward this year than ever before, and a programme of excellent merit has been prepared.

### "SHINES" LISTED AT FORTY-ONE DOLLARS.

CALIFORNIA HOTEL COMPANY FILES ITINERIZED BILL IN JACK CUDAHY CASE.

An itemized bill for hotel and other services was filed yesterday by the California Hotel Company in its suit against Jack Cudahy, son of the late millionaire packer, to recover \$2481.99, while they occupied one of the bungalows at the Hotel Maryland from November 18, 1917, to November 6, 1918.

The itemized charges included \$663.18 for the use of the bungalow and board at the rate of \$10.00 a year. The extras amounted to \$2481.99, or a total charge of \$3145.17. The company credited Mr. Cudahy and his wife with \$716.01.
